

Call for Instructors

I'm currently in-process of updating our database for individuals who may be interested in instructing the Refresher courses which review the ASQ Body of Knowledge for each of the applicable certification exams. Refresher courses are intended to help exam applicants prepare for taking an ASQ certification exam. These courses are delivered in a traditional classroom setting with a great amount of interaction between instructors and participants while reviewing the BOK, primer materials, and sample exam questions. Each course is designed with 24 contact hours and sessions may be scheduled to accommodate an instructor's availability (including evenings).

If you are interested in being an instructor and have successfully passed an ASQ certification exam, or if you consider yourself a topic matter expert in a related field, contact me to be put on our list for consideration. Instructors are compensated at a competitive local higher learning institution hourly rate and can gain RUs for maintaining their own certifications!

ASQ Membership Is Valued at \$10,000

What dollar value do ASQ members place on their benefits? According to focus groups conducted at the ASQ World Conference on Quality and Improvement – about \$10,000. The focus groups have been conducted since 2005 by Rigsbee Research, which conducted two sessions during each of the conferences. Participants were given a list of ASQ benefits (which could include products or services) and were asked to place a dollar value on each of the items. Over the course of three years, the participating members said they received an average of more than \$10,000 from their membership benefits. The top ASQ items in terms of member value are:

1. Recognized Certification \$2,583
2. Networking \$1,183
3. Training \$1,058
4. Sections \$1,042
5. Opportunities for Involvement and Leadership \$860
6. Credibility With Customers \$600
7. Divisions and Forums \$46

The importance of maintaining the currency of your hard-earned certifications by using continuing education credits or other acceptable credits can not be over stated. Do not send recertification paperwork to the Section's mailing address, as the timeliness of your recertification may be lost. Paperwork should be sent directly to Chuck. If you have any questions about the material required to verify your recertification, call Chuck. remember the other way to retain your certification is to simply retest. I don't know anyone who wants that option.
